What I have done

After 2017 : I worked in a video game center, a sales agency and an office. I created posters, invitations, several logos and business cards.

Since September 2017 : Helha of Mons in applied Art, Advertising section.
Courses : Adobe Premiere and After Effect

2011 to 2017 : Saint-André College in Auvélais, with language option (Dutch and English), theatre and social science.

What I (dis)like

- I like poetry and old music. I love watching the stars. I like the green color. I like theater and good movies. I like vinyls.
- I like watercolor. I like the rain. I like the sun. In fact, I like both at the same time.

I love the sea but hate the sand. I hate the grinding of markers. I hate the crashing wifi. I hate Brussel sprouts. I hate to wake up five minutes before my alarm. I hate hating but I do hate anyway. I hate these nights when I can't sleep.
